Hello!

My name is Jess and this is my website. I am 21 and am currently studying digital art and design. I have always had a big passion for art and all things creative. For most of my life i have done traditional drawings with pen and paper but since starting this course, i've started exploring more digital art which i would like to learn more and get better at.

Im not sure exactly what i would like to do in the future but i would love to be involved with something creative and possibly art related.
